

Pre-Registration for Mass

Link Available Here: http://www.stcatherinenorwood.org/?page_id=2763

Beginning the weekend of October 25th, Saint Catherine of Siena Parish will offer pre-registration for all weekend Masses. At this time, we strongly encourage families and individuals to pre-register. If the town of Norwood is designated High-Risk, or RED, for COVID-19 at some point in the future, pre-registration will be **REQUIRED**.

If the Norwood Board of Health informs us that someone who attended Mass at Saint Catherine's later tests positive for COVID-19, we will inform all registered attendees so they can consult with their physicians.

A link to sign up to register for weekend Masses will be posted on our website each week by Friday afternoon for the following weekend. The link will be open until the following Friday at noon. If you are not able to register via Sign Up Genius, you can call the rectory at 781-762-6080 ext. 110 but you must call before Friday at noon. Anyone who is not pre-registered before Friday at noon will need to register at Mass if the town of Norwood is in the RED category. EVERYONE, whether pre-registered or not, will need to complete a temperature check before entering the church if Norwood is RED. For this reason, we urge people to pre-register before Friday at noon so the line to get into the church is manageable.

Thank you for your cooperation.
